

Welcome to this month's newsletter, regarding the progress being made on the construction of the Mildenhall Hub, a major national project to deliver a better school, improved leisure facilities, and integrated community and public services.

The multi-million pound project will create modern accessible services to people living in and around the town, and from the surrounding area, and includes a new school, children's centre, new leisure facilities, a health centre, facilities for Suffolk Police, West Suffolk Council and Suffolk County Council, as well as a library, job centre and Citizen's Advice centre.

CONSTRUCTION PROGRESS

Works to the steel frame have now been finished, with the metal deck completed to zones two, three and four.

External cladding (seen in picture two on the left) is also being installed to zone four with windows supplied by local company, Drayton Windows, which will ensure the rooms gain plenty of natural daylight.

Internal partitions are now being added to begin the separation of the internal areas, with heavy duty plasterboard used for long term durability.

Numerous trades coordinate their works for this project at any one time. Our MSite technology recorded 150 tradespeople on site during one day in October, which shows the scale of the operation.

CONSIDERATE CONSTRUCTORS CERTIFICATE OF EXCELLENCE

All of our sites are committed to the Considerate Constructor principle so we were delighted that the Mildenhall Hub received a Certificate of Excellence award. With an overall score of 43/50, the site achieved a level of excellence by scoring at least 8 points (out of 9) in the following criteria: Care about **Appearance**, Respect the **Community**, Protect the **Environment**, Secure everyone's **Safety** and Value their **Workforce**.

NEXT STEPS

Roofing works will commence on the final zone, which will complete all metal decking requirements for the project. Works on the internal partitions will also continue.

Mechanical and Electrical works will commence over the coming days as well as continuing excavation works to the swimming pool area (as pictured).

MACMILLAN MORNING

Our Mildenhall Hub Site hosted their own Macmillan Coffee Morning with some impressive baking on display. Thanks to the baking efforts of some of our staff and the generosity of those contributing, across two of our sites we raised £775 for Macmillan Cancer Support which is a wonderful fundraising effort!
